

# Beta 85

4 cylinders - 3331cc - 83bhp max at 2,800 rev/min - 359Kg

**Our Beta 85 is a high torque, low rpm marine diesel engine that incorporates the latest design technology from Kubota.**

**The engine is EPA Certified for USA Emission Regulations - Marine Diesel Engines. It has smooth, quiet running characteristics that make it ideal for larger yachts and heavy duty applications.**
